Project Experience

Organization: Feathersoft Info Solutions Pvt. Ltd

1. Title   :   **Patient Finance Manager(PFM)**

Tools   :   SQL Server 2014, Visual Studio 2015, JIRA

Team Size   :   25

Period   :   March 2017 – Till date

Project Description

Patient Finance Manager, is a web based MVC application using WCF service; providing a digital platform to communicate with patients, optimize payments and reduce the overall cost with powerful end-to-end patient financial engagement platform developed by using agile methodology.

Roles and Responsibilities

- Key roles in development and enhancement.
- Built relationship with Product owner and other stake holders to facilitate team's interaction with them.
- Handling a major role in deployment activities and pre - deployment and post – deployment analysis.

2. Title   :   **Finance Portal**

Tools   :   SQL Server 2014, Visual Studio 2015, JIRA

Team Size   :   09

Period   :   Jan 2018 – May 2018

Project Description

Finance Portal is a Web API project, which undertakes several key functions, including payment settlement, invoice management, report generation, Dynamic Pay-out register and Ownership Information Management, developed by using agile methodology.

Roles and Responsibilities

- Acted as Scrum Master for the sprints with a focus on guiding the teams towards improving the way they work.
- Assisted with prioritization and resolution of software defects
- Handling a major role in deployment activities and pre - deployment and post – deployment analysis.

3. Title   :   **Support Portal**

Tools   :   SQL Server 2012/2014,Visual Studio 2015, JIRA

Team Size   :   09

Period   :   June 2018 – July 2018

Project Description

Support Portal is a Web based API project, for dynamically configuring new or existing clients under PFM applications, developed by using agile methodology,

Role and Responsibilities

- Acted as Scrum Master for the sprints with a focus on guiding the teams towards improving the way they work.
- Assisted with prioritization and resolution of software defects
- Handling a major role in deployment activities and pre - deployment and post – deployment analysis.

4. Title : **HCA**

Tools : SQL Server 2012/2014, Visual Studio 2015, JIRA

Team Size : 09

Period : April 2016 – February 2017

Project Description

HCA is a web API based application. It is an electronic payment system, by which patients are supported to make their payment in lump sum or installment, using electronic payment system.

Roles and Responsibilities

- Key roles in development and enhancement.

Organization: Techage System LLP

5. Title : **Techage ERP**

Tools : SQL Server 2012/2014,Visual Studio 2015

Team Size : 3

Period : March 2015 – March 2016

Project Description

Windows based customized business management software for small, medium and large business supporting multiple branches, companies and unlimited users of different authorization levels. VAT enabled software having billing and inventory modules designed to cover most of the retail and whole sale business needs. Also includes accounting, payroll and Attendance modules.

Roles and Responsibilities

- Requirement Analysis, Module development and Testing
- Application maintenance

Organization: DigiConfig Technology Solutions

6. Title : **Total Online Management System**

Tools : SQL Server 2008, Visual Studio 2010

Team Size : 3

Period : Jan 2015 – Feb 2015

Project Description

Web application for managing admission process of students and communication between different stakeholders.

Roles and Responsibilities

- Requirement analysis, Designing, Coding and Testing.

7. Title   :   **DTMF security**

     Tools   :   Eclipse 8.0(Android, Java)

     Team Size   :   3

     Period   :   Sept 2014 to Dec 2014

Project Description

Android application for controlling remote area system through a call

Roles and Responsibilities

- Requirement analysis, Designing, Coding and Testing.

---

8. Title   :   **Inverter Status Monitoring and Controller Application**

     Tools   :   Eclipse 8.0(Android), Netbeans IDE(Java, JavaFx)

     Team Size   :   3

     Period   :   Jun 2014 to Aug 2014

Project Description

Developed an Android and Java application for Inverter controlling. It Includes a command for Switch on or Switch off the inverters, Retrieving log information, Also can change the charging status of inverter

Roles and Responsibilities

- Requirement analysis, Designing, Coding and Testing.

---

9. Title   :   **Inverter Data Logger**

     Tools   :   Eclipse 8.0(Android), Netbeans IDE(Java, JavaFx)

     Team Size   :   3

     Period   :   Apr 2014 to May 2014

Project Description

Windows application for analyzing voltage fluctuations. Displayed by graph with knob control

Roles and Responsibilities

- Requirement analysis, Designing, Coding and Testing.

Organization: Treva Technologies Pvt. Ltd.

10. Title   :   **TrevaQ**

     Tools   :   Visual Studio 2010, Firebird SQL

     Team Size   :   3

     Period   :   Jun 2013 to Dec 2013

Project Description

Windows application for token management system. This project is for implementing Live Queue without long physical queues. TrevaQ has a flexible architecture to implement multiple queue priorities based on appointments, specifically developed for use in hospital administration.

Role and Responsibilities

- Requirement analysis, Designing, Coding and Testing.

Qualifications

Course	Institution/University	Major and Specialization	Year of Passing
Master of Computer Applications	Don Bosco College, Kannur University, Kerala	Application Software Development	2013
BSc Computer Science	St. Pius X College, Kannur University, Kerala	Computer Science, Mathematics, Physics	2010
Standard XII / H.S.S.C.	Higher Secondary Board of Examination, Kerala	Computer Science, Mathematics	2007
Standard X / SSLC	Public Board of Examination, Kerala	NA	2005

Personal Details

First Name	:	Anna Soumi
Last Name	:	Kurian
Date of Birth	:	05 – April – 1990
Father's Name	:	P K Kurian
Nationality	:	Indian
Marital Status	:	Single
Permanent Address	:	Panamthanam(H), Punnakunnu(P.O.),Kasaragod - 671534
Email id	:	annasoumi90@gmail.com
Mobile No.	:	(+91) 944 7354 322 / (+91) 702 5022 436

Declaration

The knowledge of software development with full life cycle, good technical aptitude and uncompromising commitment to work can be effectively utilized for the successful operation of the firm. I hereby declare that the information furnished above is true to the best of my knowledge.
